Our Story

For more than 30 years, we have supported health and education in Guatemala.

Since 2007 FUNCOLI and Kindern Eine Chance have been working in alliance at the village of vuelta Grande which belongs to the municipality of Antigua Guatemala.

This community has approximately 400 families, an estimated of 1200 adults and 1000 children encouraged by Free Hearts Foundation to get educated.

OUR PROJECTS 2020

Education

In January, teachers of FUNCOLI were visiting families at the community to convince them about the importance of sending their children to School. That day, 60 children were registered to start studying in 2020 at the FUNCOLI learning center. On the following days we registered 102 children of ages from 4 to 12 years old.

Registrations 2020

On January 8, the FUNCOLI face-to-face classes began. All the students attended very excited and happy to start a new school year.

First day of school

We were getting ready to start the year organizing mothers who would collaborate in the kitchen to cook and prepare food for the students everyday.

Meeting with the mothers that will cook

Visit Casa Kojom Museum

Our students and administrative staff visited Casa Kojom museum to learn about the importance of Mayan music and the intangible heritage of Guatemala.

Visit from Kindern Eine Chance and Diplomat Associates in Guatemala

During February 24, we celebrated a welcoming event for Uli, Harald Leibrecht, Lena, and the Diplomat Associates in Guatemala. There were dances prepared with our students.

We showed our visitors the foundation's facilities to appreciate the progress of our work. A convivial lunch was held for the guests, and the foundation team.

Donation of ecological stoves

In march 6, we received a donation of 20 ecological stoves made by Columbus State University. A training was carried out for the beneficiaries, about the important benefits, maintenance and how to install the ecological stoves in their homes.

COVID - 19 IN GUATEMALA

On March 14, the first case of Covid 19 appeared in Guatemala. The president of Guatemala, Alejandro Giammattei, made a message on national television announcing the total suspension of classes, public and private schools shot down their activities in order to prevent the spread of Covid-19.

PRESIDENTE ALEJANDRO GIAMMATTEI ORDENA CERRAR FRONTERAS DEL PAÍS ANTE PANDEMIA DE CORONAVIRUS Y VUELVE A HACER LLAMADO A LA CALMA

En Mensaje a la Nación, el Presidente Alejandro Giammattei anunció el cierre de las fronteras del país. Solo ingresarán al territorio por la vía terrestre los guatemaltecos, extranjeros residentes temporales y permanentes y los diplomáticos que forzosamente tengan que estar en Guatemala; las personas deberán cumplir cuarentena debido a la pandemia del Coronavirus "COVID-19".

"Hoy amanecemos con seis casos de Coronavirus en los hospitales del país, los pacientes positivos ya se encuentran en el Hospital de Villa Nueva", dijo el mandatario.

Añadió que el último vuelo entrará al país a las 24 horas de hoy, y a partir de las cero horas del martes 17 de marzo de 2020, la nación quedará incomunicada por la vía aérea para vuelos comerciales de personas en los próximos 15 días. Solo la carga aérea y terrestre sí ingresará y saldrá del país.

El Presidente Alejandro Giammattei mencionó en Mensaje a la Nación que solicitó por escrito al Presidente del Congreso de la República, Allan Rodríguez, para que cite al pleno de diputados el miércoles próximo y le puedan presentar al Legislativo el Plan Nacional de Emergencia, la ampliación del presupuesto, y el Plan de Reactivación Económica. "Se trata de reactivar la economía del país y que esta crisis no signifique mayores problemas económicos", recaló.

Explicó que prepararán el Parque de la Industria, para que sirva como centro de atención para casos de Coronavirus y que tenga capacidad de atender a 3 mil personas, el mismo está siendo suministrado con camas, duchas, sanitarios y la infraestructura hospitalaria adecuada para enfrentar la crisis. "Es mejor estar preparados", insistió.

Anunció también que habrá Cadena Nacional para las 20:00 horas de hoy, para informar de las siguientes medidas que funcionarán a partir de las cero horas de mañana y así como las posibles limitaciones en el transporte público y en los centros de trabajo y otras medidas de prevención.

"Es momento de guardar la calma. Pido a los Alcaldes a que también lo hagan y no difundan noticias falsas para no generar caos en sus municipios". El Presidente Alejandro Giammattei dijo que la única voz oficial es él como Gobernante de la Nación.

FUNCOLI got ready for the pandemic emergency

Due to the national emergency, FUNCOLI got prepared to deliver a bag with groceries supplies to each student's family that attends the foundation.

Since then, Funcoli delivered a bag of groceries each month until 2021 for all the families of the foundation's students.

Grocery bags delivery

Grocery bags delivery

Home School Guides

Since March, by law all schools had to be closed all across the country! FUNCOLI began working with our students with weekly home school guides so they could keep learning while being at home.

Knowing the most urgent needs of the community

Due to the difficult situation with the Covid-19 FUNCOLI decided to carry out a census in the communities to know the greatest needs of families and in this way be able to help them better since most adults lost their jobs.

Water filters donation

Due to the lack of drinking water, we received a donation of water filters for the students' families made by Habitat for Humanity that were handed to the community with handy instructions.

Water filters delivery

Funcoli's Recognition

On November 27, Funcoli received a recognition from "Violence Prevention Unit" for the hard work of the Foundation for the benefit of the community.

Celebrating Christmas

On December 13, we received and delivered a donation of toys made by Crime Prevention Unit of Sacatepéquez Guatemala and on December 19, a donation of food bags, toys and blankets were delivered to the families of the Foundation's students.

OUR PROJECTS 2021

Education

Registrations 2021

Covid 19 in Guatemala

In Guatemala, the Education Ministry proposed a Hybrid Education based on a "traffic light" which at the national level changes according to the cases of COVID in Guatemala.

Red- distance classes

Orange- Distance classes

Yellow- Face-to-face classes

Green- Face-to-face classes

Orange light

Based on the traffic light we started our school year with home school guides.

Home school guides

Home school guides

Yellow light

In March the traffic light was yellow, and we returned to face-to-face classes, with the help of rugs the children were distanced, they all used masks and face shields to take care of the COVID.

Before Covid

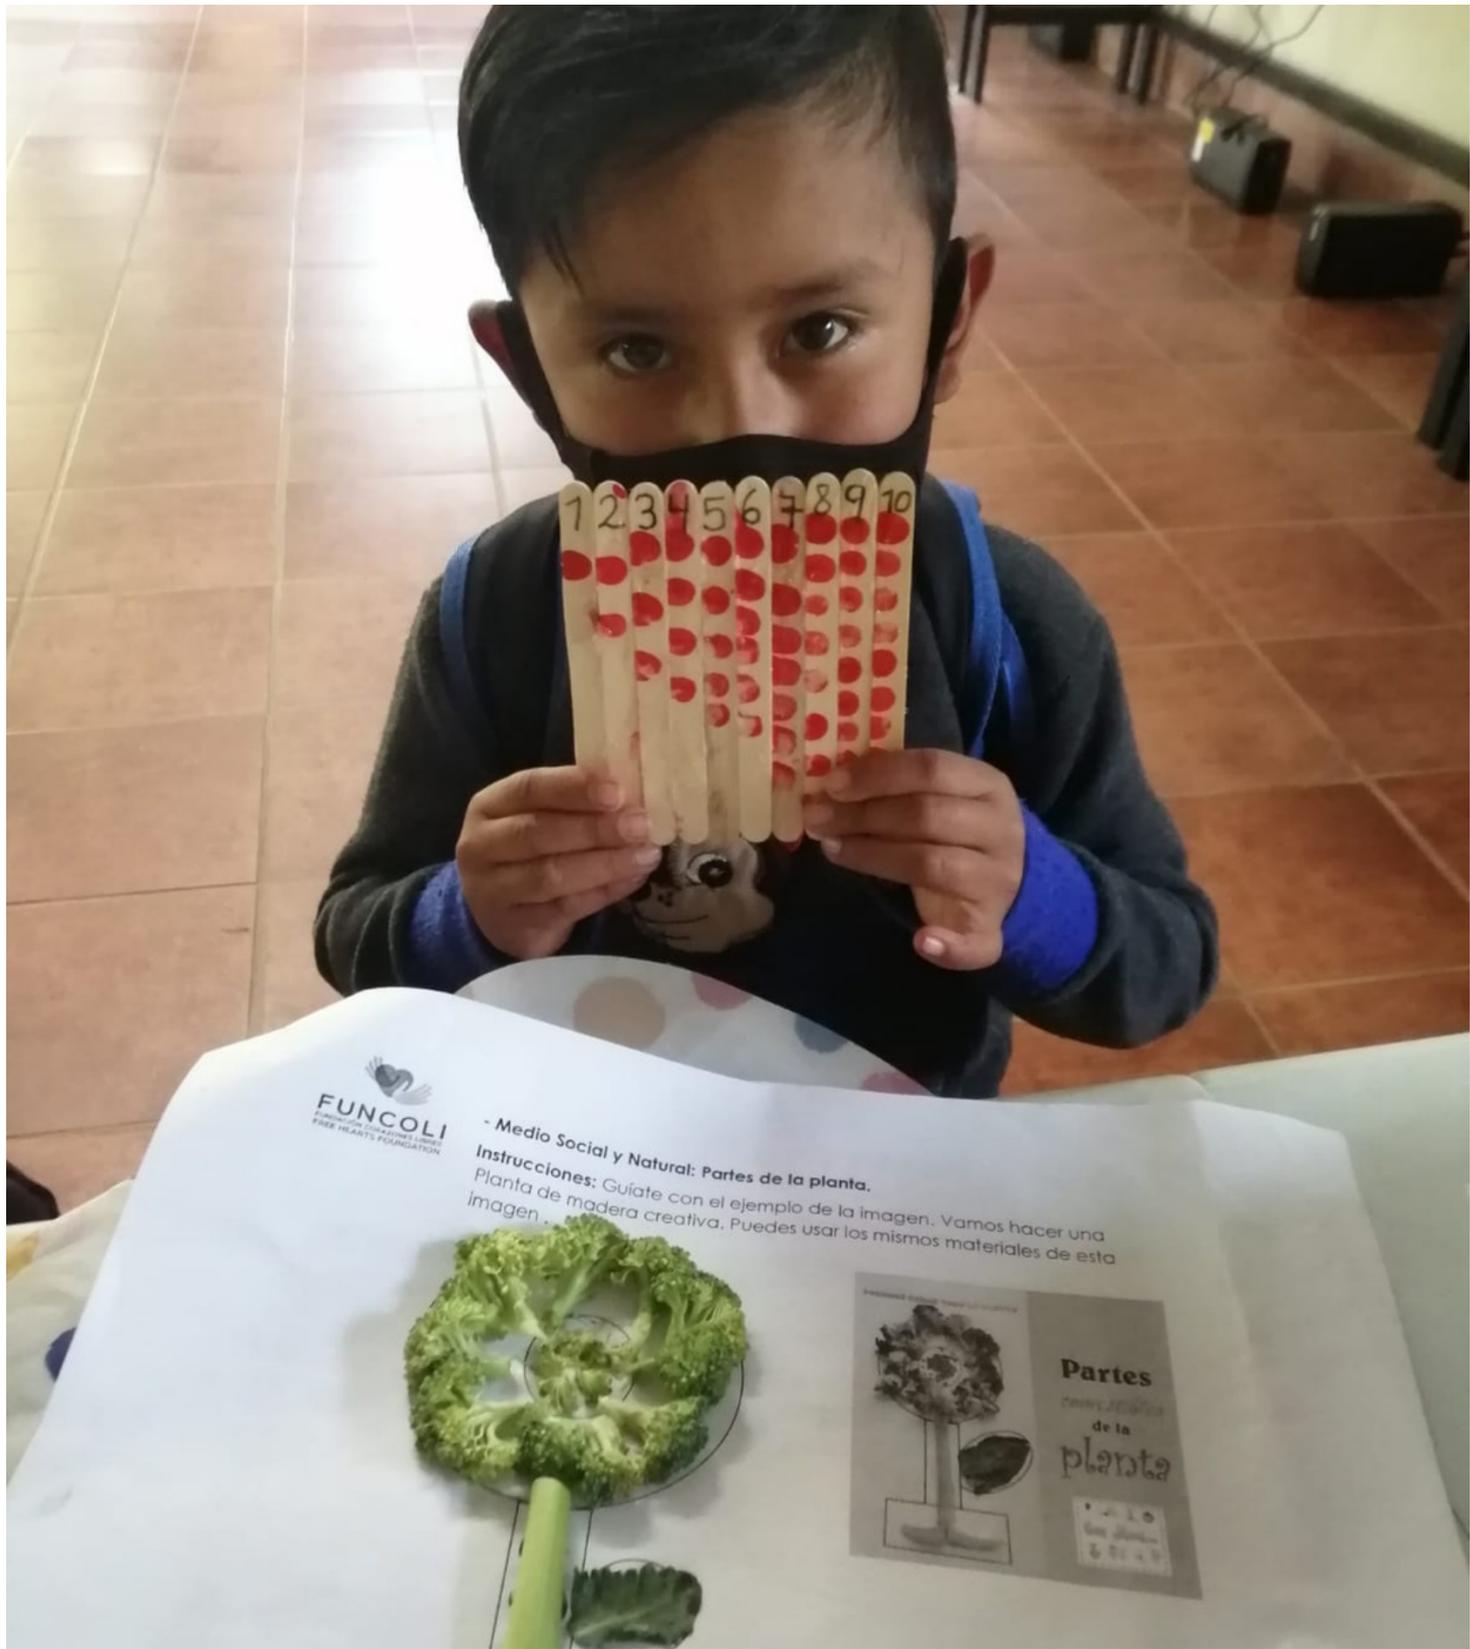

After Covid

Projects they worked at home

Specialized Courses

During 2021 we have given specialized courses for adults in: sewing, basic electricity and avocado cultivation. The interest and effort to learn from the community is one of the reasons why FUNCOLI is very proud.

Avocado course

Avocado course

Basic electricity course

Basic sewing course

Vacation classes

The safety of our students is very important to us, that is why during the month of November and December 2021 self defense classes will be taught to all students of the foundation and also for the children that are interested to learn.

Weekly nutritive meals for students

After COVID 19 emergency, this year we have been giving nutritional meals to take home also a meal bag with all the important and healthy supplies to share at home.

Meals before Covid 19

Weekly home school guides and meal bags

Ecological Stoves

Even though 148 were already donated to the community, there are still many households in the surrounding communities that still don't owe an ecological stove.

Before

After

Latrines

The latrines greatly reduce contamination of ground water. Due to the dependence on ground water obtained from personal wells and the lack of latrines in the homes, this project is of extreme importance. The latrines greatly reduce contamination of ground water. We are still missing 100 latrines approximately.

After

PROJECTS FOR 2022

We are getting ready for 2022

- Registrations 2022.
- Collection of school supplies with donations.
- Specialized courses for adults: sewing, cooking, computer and new crops courses.
- Adult literacy

Nutritive Meals

Our nutrition project ended during the month of June 2021, this project was funded from Rotary International. Thanks to the help of other organizations and external donors, we were able to finish the whole year by providing nutritional meals to all students

One of the most important projects of the foundation is nutrition, for this reason, we continue to look for donors for nutritious meals for the next year 2022 to combat malnutrition in the community.

Before Covid 19

After Covid 19

Ecological Stoves

Help to reduce respiratory diseases due to less inhalation of smoke and the fact that the stoves use approximately 70% less combustible material. This ecological stoves also contribute to conserve the local forests.

We are still missing 100 ecological stoves approximately.

Latrines

The latrines greatly reduce contamination of ground water.

We are still missing 100 latrines approximately.

Family Gardens

The concept of Organic Vegetable Beds allows at a low cost the intensive production of species of plants as a supply of carbohydrates, protein, fiber, vitamins and minerals to supplement the diet of a household or multiple households.

We are planning to give 40 Horizontal Family Gardens.

Socio-economic and cultural development and empowerment for women and men

The main objective of this project is to create focus groups who receive empowerment trainings and educational talks on new masculinities and safe sexuality for both men and women.

To achieve this objective, it is proposed to do it through a psychologist who will be in charge of creating an action plan, and giving training to said groups.

Empowerment for women
